As every year, *Sehsüchte* gives a home to daring, young cinema in its 51st edition. New, as yet unheard ideas, perspectives and attitudes are to be carried from Babelsberg into the world and illuminate the festival landscape as a shimmering sea of **radiance**. We place our full conviction in the power of the cinema screen to capture the future of film and to immerse the audience in its brilliance.

Fifty years lie behind us, many more ahead. The flame is blazing, and now *Sehsüchte 2022* carries its **radiance** wherever it takes us.

Further information regarding the festival and conditions for submission can be found on our [website](#). In case you have any questions regarding the Call for Entries or wish to obtain further information and information material about the festival, please contact: presse@sehsuechte.de.

While we focus on planning an in person festival that can take place for our audience from Berlin, Brandenburg and anyplace else in the world, we are still closely monitoring the appropriate measures for the course of the pandemic.

We look forward to the numerous submissions by young international filmmakers and to present our curated selection in April.

With kind regards,
Sehsüchte Team
