Sehsüchte 2022: Only parties and alcohol?

Potsdam the 13.04.2022

We, students, are often accused of only ever thinking about partying, unable to take on a different perspective. But in addition to a varied film programme, the festival, which we students organise and run, invites you to a colourful event programme. Thoughtfulness and celebrating are combined! On Wednesday, we will be starting the festival off with our invited guests at the Opening Ceremony. On the following days, Sehsüchte offers a wide range of events...

Thursday, 21st April

On Thursday we invite you to start the day with a Guided Tour of the Film University, led by Film University alumnus Timo Gößler. This will ensure that you can easily find all the subsequent events, such as the exciting workshop 'Accessibility in Film', led by Barbara Fickert, or the 'Beyond the Frame' vernissage, in which filmmakers give insight into their working processes. The whole thing gets a boost with a line dance workshop during the active break. After you've warmed up, you can cleanse your mind in the 'Detox Masculinity' workshop. In two panels ('This one goes out to... the future of film distribution' and 'Virtual Reality - retrospectives and approaches') you can further educate yourself. Finally, you can end the day at the bar with our 'Radiating Get-Together', accompanied by the musicians DJ NORA and KCEHLR.

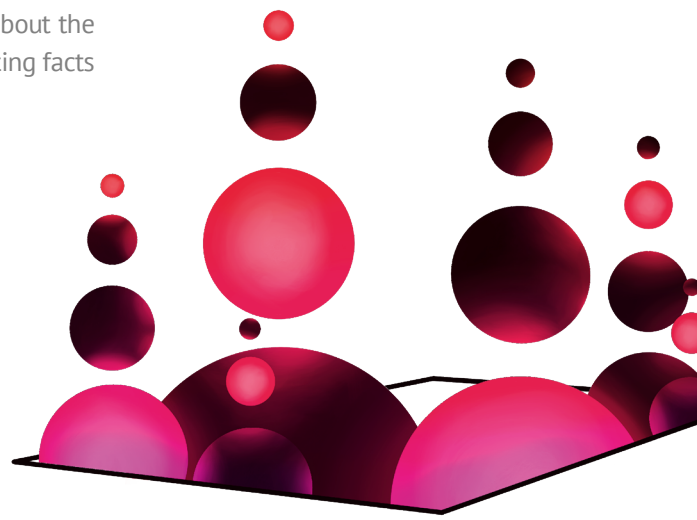

Friday, 22nd April

During the 'Filmstadt Potsdam Tour' on Friday, you will learn about the 100-year history of the oldest film studio in the world and exciting facts about Potsdam, UNESCO Creative City of Film.

Interesting workshops are also waiting for visitors of our festival: our partner Audible will explain what to pay attention to when writing audiobooks. With a future-oriented approach, participants in the workshop 'Art School Test Lab' will exchange ideas in groups about the relationship between the film industry and art schools. Young filmmakers receive tips and tricks on the funding process at the workshop 'Show me the money - film funding'. The 'Ver.di Start Package - Film Business' uses practical examples to clarify basic questions about working in the film industry. In the workshop 'Dramaturgy Live', participants can have a go at writing and get helpful advice on designing characters and writing scenes. At 'Queer Cinema Expanded 1', the film *Gendernauts* by Monika Treut will be screened and discussed. You have to let all this information sink in, and the best way to do that is with a yoga flow. In the afternoon, as on Thursday, there will be an active break in the Film University's movement room. In the evening, visitors will be able to talk about what they have seen and heard at the 'Radiating Get-Together' in the atrium of the Film University, accompanied by the radiant sounds of LUIS & QUENTIN.

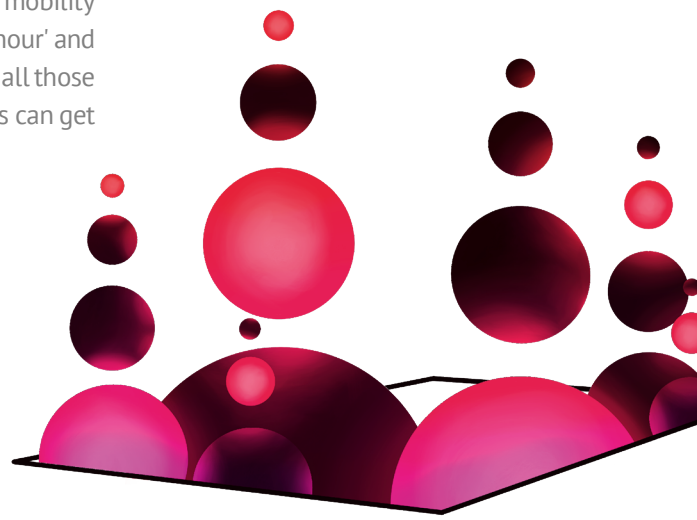

Saturday, 23rd April

On Saturday, the second part of the workshop 'Queer Cinema Expanded' will take place, during which the film *Generation* by Monika Treut will be screened and discussed. There will also be panels on 'Queer Cinema Expanded' and 'Diversity Strategies in the Film Industry'. Nextbikes will be provided free of charge for a two-hour bike tour of Potsdam's castles, parks, and lakes. You can also exercise during the active break in the Film University's movement room, where a mix of Zumba and mobility will be offered on Saturday. Following the 'Radiating Get-Together' and the radiantly beautiful award ceremony in the evening, to which all those who have reserved a ticket online in advance are invited, visitors can get a move on at 'Raidance'.

We invite you! Come and see us!

Yes, we students will be celebrating during these days. Because for the last few months, in addition to online seminars and lectures, we have made an effort to organise a diverse, open and international festival. And we would like to take this opportunity to invite all of our Babelsberg and Potsdam neighbours to take part: It is not only a festival by students for students, but also for the whole family.

Take your children to the free Future Screenings, get an impression of our work in the workshops and panels on the latest topics in the film world, or watch a film Part of our programme. Together we will toast at the bar and celebrate film culture in Potsdam Babelsberg!
